

## **Project RF-0019**

### **RFI Project Survey & Report**

## **Beneficiary's Details**

*Full Name: Mr. Trang Văn Mung and Mrs. Nguyễn Thị Y*

*Location: Hoa Binh District, Bac Lieu Province, Vietnam*

*Project Category: Building Home*

## **Background**

The family have a daughter with Down Syndrome. Due to no facilities or schooling for such children, Mrs. Nguyễn Thị Y needs to provide full-time care to her daughter. Mr. Trang Văn Mung is a casual worker with a very low income. Their living condition is poor with mud clay floor covered with plastic sheets. Part of the house has no roof and covered with tarp. Due to low income (below \$200/month) the local government have issued "Poor Certificate" to the family.

## **Source of Income**

Mr. Trang Văn Mung works as casual worker, and the income is based on availability of work. Mrs. Nguyễn Thị Y is a full-time mother and due to their daughter condition, she has to provide full-time care and is unable to work

## **Project Challenges**

No challenges are currently presented except obtaining approval from local authorities to proceed with building the house.
